EXPERIENCE

Purpose Driven Studio

SDE Intern

📅 June 2024 - Nov 2024

- As an SDE intern at Purpose Driven, I developed visually stunning and functional web applications for various brands.

PROJECTS

MergedandShare

Next Js 14 , Typescript , Prisma , Zustand , Tailwind CSS and PostgreSQL

- A platform to *showcase* and *share* an individual's open source contribution from any organisation on github without the hassle of copy and pasting raw github PRs link
- In this platform users can even *embed* their merged PRs in any external websites with the help of the *widget component* built in house.
- This project has currently **200+ registered users** and **2500+ total views** till now and counting .
- This project has been appreciated by **Manu Arora** (Founder @Aceternity UI) and **Harkirat Singh** (Founder @100xdevs) and many other folks as well.

PinBot

Node.js, TypeScript , Discord.js , Gemini 1.5 Flash and Pinecone DB

- A Discord bot that lets you chat with pinned messages using context from pins, built for the PeerList Dec Hackathon.
- Export pin messages to a vector database via /export and chat with them using /chat-with-pin [chat-message].
- Built in 24 hours using Discord.js, Gemini 1.5 Flash, Pinecone, TypeScript, and Node.js, inspired by the need to automate guiding users to pinned resources.

Invoice Generator (Freelance Work)

ReactJs , NodeJs , Tailwind CSS, MongoDB , REST APIs

- Full-stack implementation enabling users to *browse, edit , and list invoices securely*.
- Responsive front-end interfaces built with React JS for optimal user experience across devices. providing a *seamless user experience* across devices.
- Implemented *invoice print out functionality* for sharing the invoices to different persons easily

Personal Portfolio Website

Next Js , Tailwind CSS , MongoDB

- Developed a personal portfolio website using *Next.js* and *Tailwind CSS*, showcasing my skills, projects, and achievements.
- The portfolio serves as a collection of all my projects and previous work.

EDUCATION
